THINKPAD® X131e CHROMEBOOK™ vs. APPLE® IPAD®

The **Lenovo ThinkPad X131e Chromebook** was designed to make teachers more effective, IT managers less stressed, and students further empowered. It also saves time, money, and resources. Check out what makes the ThinkPad X131e Chromebook such a great educational device.

Easy on the Wallet, Easy on the Brain

The ThinkPad X131e Chromebook isn't just cost effective for school districts, it's easy to manage for teachers and students alike.

Easy for IT Managers

With the Google Management Console, managing a district is as easy as managing a few PCs in a classroom.

Software and security updates download automatically.

Networking and proxy settings are simple to set up.

Easy for Teachers and Students

The X131e Chromebook boots up in 5 seconds and resumes from stand-by in 1.5 seconds.

Users have access to Google Apps for Education™.

All data is saved securely in the cloud.

Teachers can easily monitor their students' online behavior using the X131e's network-activity light.

By February 2013, 2000+ schools across the world had adopted Chromebooks, TWICE as many as 3 months prior.
