

Dear WOLCS Families,

We pray that this email finds you and your family well. In a continued effort to protect the health of our students and staff and to assist with the government's request in slowing the spread of the Coronavirus (COVID-19), Water of Life Christian School's Governing Board will extend the temporary school campus closure through Friday, May 1, 2020. All school districts and Christian schools in our surrounding area have moved to this same closure period. This amended temporary campus school closure date will be evaluated as updated information becomes available, with the prayer for our students to return to our campus after this date.

On March 11, 2020, WOLCS completed our full Association of Christian Schools International (ACSI)/Western Association of Schools and Colleges (WASC) accreditation visit. During this visit the accreditation team commended WOLCS for the diligent and excellent work in academics and spiritual formation that they saw and analyzed during their visit. The visiting team recommended another 6-year term of being an ACSI/WASC accredited school. This accomplishment speaks directly to the daily work that our teachers, school board and school administration commits themselves to in ensuring the continued growth in academic and spiritual excellence for our students. With this said, WOLCS will begin our Distance Learning program on Monday, March 30th. All classroom teachers have worked extremely hard in transitioning our on-campus program to a distance learning program. They each have created a platform for their students through Google Classroom that will continue providing the same educational excellence that your child has received all school year long. You will soon receive emails that outline parent/student expectations in our distance learning program, attendance and assignment expectations, daily academic schedules and much more. A short parent survey will also be sent out to help us assess your readiness for our distance learning program. It is crucial that each of you responds to that survey, in an effort to help us understand your area(s) of need.

This current crisis has presented many challenges for each of us; however, we each know that we belong to the Keeper, Protector and Provider of life. Stand strong and firm in your faith in Him, as this too shall pass. God is speaking to each of us during this time and providing a time of restoration and family bonding, pray and utilize this time well. Please stand in prayer for each of us as we are standing in prayer for our students and their families.

May God continue to bless your family,
Mrs. Mahiaini, Vice Principal
