

With the onset of COVID-19, many schools worldwide are finding alternative ways to continue the education of students through distance learning. Water of Life Christian School has created a [distance learning program](#) that if followed, will enable all students to successfully complete the 2019-2020 school year. The School Board and Administration ensures that the same level of excellence in education will continue at our school.

[This document](#) outlines the partnership we are seeking with parents for a successful Distance Learning Program (beginning on Monday, March 30th). The partnership between parents and the school will guarantee each student completes the current academic year successfully, without retention.
