

Dear Lions' Families,

I want to take a moment and thank our Lord and Savior for continuing to give us the support, guidance, and wisdom we are seeking to plan the best possible year for our students. My deepest gratitude to our staff members who have stepped up to assist and to our families for their patience and support.

We look forward to providing you with updates throughout the summer to maintain communication. As we begin to plan in detail for the 2020-21 school year, we continue to monitor recommendations from our local, state, and federal officials. The safety and health of our students and staff are our main priorities. As we mentioned previously, we are considering a variety of possible plans for reopening and we are seeking input from our families to help guide us in the continued development of our plan.

Water of Life Christian School continues to prepare a detailed plan for the safety and well-being of all our students. Currently, California Department of Public Health (CDPH), provides our school with guidelines to consider as we prepare for the beginning of the school year. We are also considering other resources such as those provided by the California Department of Education (CDE), the San Bernardino County Department of Public Health and the Centers for Disease Control and Prevention (CDC). We do have to remain flexible but we are continually monitoring for updates and information to make the best decisions for our students and staff.

We understand that our families are unique and should have the opportunity to share their thoughts regarding the reopening of our school and we ask that you participate in a very brief survey. The survey will be open until Wednesday, June 24, 2020. We appreciate your input and I will personally be reading all responses. The survey will be available to all Water of Life Christian School families and the link will be sent via email. There is an opportunity at the end of the survey to provide additional information you would like considered.

We continue to strive to provide a Godly place where families can grow in Christ and in education. Thank you for your time and may God fill you all with joy and peace as we trust in Him, so that you may overflow with hope and His love.

In His service,
Mrs. Maricela Najera
